

Prevocational PGY 1 / 2 / 3 + Management Software

*Designed & Developed in Australia
for Australian Teaching Hospitals*

Consolidate trainees' data spread across spreadsheets into a centralised online system

Benefits for Management & Administration

- Set up and manage bulk rotations within a few clicks
- Access Mid/End-Term, Mini-CEX, DOPs and CBD electronic forms, no more paper-based forms
- Automated emails, reminders and alerts
- Share documents, forms, videos and educational resources
- Send invites, RSVP and mark attendance for your seminars, workshops, meetings and events
- Quick access to all training data

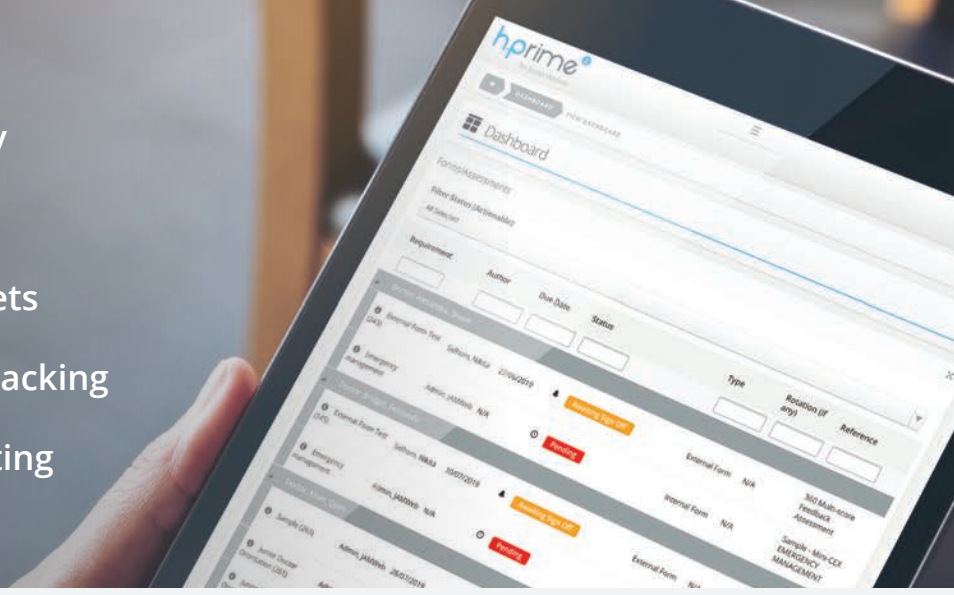

Benefits for Supervisors & Junior Doctors

- Plan Learning Activity/ACF Items for each rotation, using the learning plan feature in minutes
- Track your progress
- One-single platform for communication with peers and supervisors
- Access and share learning resources
- Access to all events, workshops, meetings, opportunities within the hospital
- Supervisors can submit and sign-off assessment forms by using their electronic-hand signature

Plan > Assess > Manage > Track > Communicate

H.Prime reduces the administrative load of assigning and tracking assessment requirements. H.Prime is making it easier for Junior Doctors and Assessors to meet assessment requirements on time.

- Mobile devices and iPad friendly
- Save hours of manual work
- No paper clutters or spreadsheets
- Centralised management and tracking
- One-click comprehensive reporting

"We cannot thank your team enough, the huge improvements in H.Prime has dramatically reduced our workload and has improved the effectiveness of the WBA program. We hope many other providers will also get to benefit from this wonderful software.

Thank you, thank you, thank you!"

Nikita Sidhom, WBA Project Officer

5 Star Rated Feedback

Dr Thomas

Very easy to fill out

Ramasubramanian Kulandaivelu

H.Prime is excellent and performing good
